

For the safety of everyone we ask the following for in person sessions.

---

- No waiting or seating in the waiting room at any time, you will be notified via text when your therapist will greet you at the door and will help you enter the office.
- Please wear your cutest mask when you enter and exit the building. Grab a beach towel to sit on too!
- We will do our best to maintain social distancing at all times (6 feet apart), of course we want to give you a hug or high five, however, a namaste will be our greeting!
- Restrooms will be used for emergencies only, please follow instructions posted in restrooms.
- Hand sanitizer that contains at least 60% alcohol is available in the therapy rooms and restrooms. Your therapist will start the session with spraying their hands and then encourage you to spray yours before and after the session. Don't worry it actually smells pretty good.
- We schedule appointments at specific intervals to minimize the number of people in the office at any given time, this also allows for cleaning between each client.
- If a resident of your home tests positive for the infection, you will immediately let ATFG know and we will then resume treatment via telehealth.
- We will have sample Aarons Thinking Putty for you to play with and YES you get to take it home!

If anyone is sick don't come to the office, we will reschedule via telehealth. If we are sick, we will let you know and schedule a telehealth session. Most therapist will do 50% in person, 50% telehealth.

If anyone at Austin Therapy for Girls test positive for the coronavirus, I will notify you so that you can take appropriate precautions.

If you have tested positive for the coronavirus, I may be required to notify local health authorities that you have been in the office. If I have to report this, I will only provide the minimum information necessary for their data collection and will not go into any details about the reason(s) for our visits.

Thanks, we are here for you and we are so excited to see you!
